

Section III. Bid Data Sheet

Notes on the Bid Data Sheet (BDS)

The Bid Data Sheet (BDS) consists of provisions that supplement, amend, or specify in detail, information, or requirements included in the ITB found in Section II, which are specific to each procurement.

This Section is intended to assist the Procuring Entity in providing the specific information in relation to corresponding clauses in the ITB and has to be prepared for each specific procurement.

The Procuring Entity should specify in the BDS information and requirements specific to the circumstances of the Procuring Entity, the processing of the procurement, and the bid evaluation criteria that will apply to the Bids. In preparing the BDS, the following aspects should be checked:

- a. Information that specifies and complements provisions of the ITB must be incorporated.
- b. Amendments and/or supplements, if any, to provisions of the ITB as necessitated by the circumstances of the specific procurement, must also be incorporated.

Bid Data Sheet

ITB Clause	
5.2	<p>For this purpose, contracts similar to the Project refer to contracts which have the same major categories of work, which shall be: <i>Three (3) Storey Building Project.</i></p> <p><i>Completed within five (5) years prior to the deadline for the submission and receipt of bids.</i></p> <p>However, contractors under Small A and Small B categories without similar experience on the contract to be bid may be allowed to bid if the cost of such contract is not more than the Allowable Range of Contract Cost (ARCC) of their registration based on the guidelines as prescribed by the PCAB.</p>
7.1	<i>Subcontracting is not allowed.</i>
10.1	<p><i>Additional Requirements:</i></p> <ul style="list-style-type: none"> <i>a. Construction Schedule;</i> <i>b. S-Curve and PERT/CPM;</i> <i>c. Program of Works;</i> <i>d. Manpower Schedule;</i> <i>e. Directory of Manpower involved in the project;</i> <i>f. Construction methodology with emphasis on the retaining wall of the substructure;</i> <i>g. Equipment Utilization Schedule;</i> <i>h. Certificate of Site Inspection signed by Ar. Maria Rallah E. Villaseca, issued by USTP-IPFDO;</i> <i>i. Application for Construction Safety and Health Program duly received by the DOLE; and</i> <i>j. Copy of DOLE-Approved Construction Safety and Health Program in at least one (1) of the on-going projects.</i>
10.3	<p><i>PCAB License Allowable Range of Contract Costs:</i></p> <p><i>Size Range: Small B</i></p> <p><i>License Category: C & D</i></p> <p><i>at least PCAB License General Building</i></p>
10.4	The key personnel must meet the required minimum years of experience set below:

	<table><tr><th>KEY PERSONNEL</th><th>GENERAL EXPERIENCE</th><th>RELEVANT EXPERIENCE</th></tr><tr><td>Construction Manager</td><td>Licensed Architect/Civil Engineer w/ valid PRC ID</td><td>Full time Architect/Civil Engineer with at least five (5) years of work in a construction-related field.</td></tr><tr><td>Master Plumber</td><td>Licensed Master Plumber w/ valid PRC ID</td><td>At least five (5) years of work in a construction-related field and updated PTR and PRC License</td></tr><tr><td>Professional Electrical Engineer (PEE)</td><td>Licensed Professional Electrical Engineer w/ valid PRC ID</td><td>At least ten (10) years of work in a construction-related field and updated PTR and PRC License (for signing sealing and design analysis).</td></tr><tr><td>Materials Engineer</td><td>Licensed Civil Engineer w/ valid PRC ID and Licensed Materials Engineer I</td><td>At least five (5) years of work in a construction-related field and duly accredited by DPWH.</td></tr><tr><td>Electrician</td><td>Full time NC2 Electrician</td><td>At least two (2) years of work in a construction-related field.</td></tr><tr><td>Plumber</td><td>Full time NC2 Plumber</td><td>At least two (2) years of work in a construction-related field.</td></tr><tr><td>Pipe Fitter</td><td>Full time NC2 Pipe Fitter</td><td>At least two (2) years of work in a construction-related field.</td></tr><tr><td>Safety Officer</td><td>Duly Accredited Safety Practitioner with 40-hour certification training</td><td>Safety Officer with at least two (2) years of work in a construction-related field, COSH Training with valid certificate and letter of appointment from previous project.</td></tr><tr><td>Foreman</td><td></td><td>At least 10 years of work in a construction-related field particularly on building construction projects.</td></tr></table>	KEY PERSONNEL	GENERAL EXPERIENCE	RELEVANT EXPERIENCE	Construction Manager	Licensed Architect/Civil Engineer w/ valid PRC ID	Full time Architect/Civil Engineer with at least five (5) years of work in a construction-related field.
